

PROFILE

I help SaaS scale-ups and major French companies build industrialized, reliable and teachable cloud-native platforms on GCP, Scaleway and Kubernetes. Three areas: consulting & build (Kubernetes, GitOps, IaC), sovereign cloud migration (NIS2, DORA, HDS) and DevOps training with CKA, CKS and DCA certification preparation.

KEY SKILLS

Containers & orchestration : Kubernetes, Docker, Docker Swarm, Helm

Cloud : GCP, Scaleway, OVHcloud, Hetzner, Azure, OpenStack

Development : Python (FastAPI, Click), Bash, Vue.js / Nuxt

Web3 & blockchain : Validateurs Cosmos / Ethereum, Séquenceurs L2 (Arbitrum, Kroma)

IaC, GitOps & CI/CD : Terraform, Terragrunt, ArgoCD, Ansible, GitLab CI, GitHub Actions

Observability : Prometheus, Grafana, Loki, Elastic Stack, Sentry, Centreon

Systems & networking : Linux (Debian, Rocky), Réseau (Cisco, Juniper), Sécurité (CIS Benchmark, RBAC)

EXPERIENCE

Cloud / IaC Engineer · Scalify

Jun 2026 → present / Remote

Solution install reproducible identically across every customer environment.

Zero manual intervention: the full deployment is scripted end to end.

Terraform · GCP Assured Workloads · OpenStack · OVHcloud · Scalify RING · Rocky Linux · Cloud Init · Bash

DevOps / Cloud Architect · SkipCall

Nov 2025 → present / Remote

Platform fully moved off US PaaS providers, now hosted on a French cloud.

Security-audited Kubernetes architecture, 100% described as Infrastructure as Code.

Scaleway · Kubernetes (Kapsule) · Terraform · Terragrunt · ArgoCD · Gateway API · External Secrets · Cert Manager · PostgreSQL · Cockpit

DevOps Trainer · Sparks Formation

Oct 2023 → present / Remote

Teams from 5 major French companies trained and made autonomous.

Being CKA, CKS and DCA certified myself, I teach exams I have personally passed.

Docker · Kubernetes · CI/CD · Infrastructure as Code · DCA · CKA · CKS

Founder & Developer · My Stream Agenda

Aug 2024 → present / Remote

20,000 monthly visitors on an infrastructure operated by one person.

From idea to a sustainable product: design, code, infra, SEO/ASO and partnerships.

Python · FastAPI · Nuxt 3 · Docker Swarm · CI/CD · App mobile

AI Project Builder · Optimum Automotive

Apr 2026 → Jun 2026 / Remote

Industrialized migration: screens are converted by the agents, the team validates.

In-house team fully autonomous on the AI tooling by the end of the engagement.

Claude Code · Codex · Agents & skills · C# · React

DevOps Engineer / Web3 Cloud Architect · LumisPay

Nov 2024 → Nov 2025 / Remote

PoC delivered on a secured, reproducible and monitored infrastructure.

Nodes and bridges operated continuously for the whole engagement.

Cloud · Infrastructure as Code · CI/CD · Nœuds blockchain · Bridges · Monitoring

Cloud Architect · RealAdvisor Finance

Oct 2025 / Remote

Turnkey cloud foundations delivered in one month, operable without me.

Azure · Dokploy · VPN

Web3 DevOps Engineer · Node Guardians

Feb 2023 → Sep 2024 / Remote

Infrastructure costs cut in half despite a growing workload.

Zero slashing and zero jail for the entire engagement, thanks to a resilient architecture and proactive monitoring.

Kubernetes · Terraform · Ansible · GCP · OVH · Hetzner · GitHub Actions · Python · Prometheus · Grafana · Loki

System / DevOps Engineer · Probance

Oct 2019 → Jan 2023 / Toulon

A containerized, CIS-benchmarked and documented platform, run by a trained team.

Manual processes replaced by automation across the whole chain.

Docker Swarm · GitLab CI · Elastic Stack · GCP · Python · FastAPI · Centreon · Bash

Network Engineer Apprentice · Orange Business Services

Sep 2016 → Sep 2019 / Lyon

A solid networking foundation (routing, switching, voice) that underpins all my cloud infrastructure work.

Even back then: automate rather than repeat: my first internal tools running in production.

Cisco · Juniper · OneAccess · Python · Flask · Docker · PERL · Git

CERTIFICATIONS

CKS · Certified Kubernetes Security Specialist

The Linux Foundation

CKA · Certified Kubernetes Administrator

The Linux Foundation

DCA · Docker Certified Associate

Docker / Mirantis

EDUCATION

2019 · Master's degree in Computer Science & Networks (apprenticeship)

École des Mines d'Alès

2016 · Two-year technical degree in Networks & Telecommunications

IUT d'Aix-Marseille

LANGUAGES

French : Native

English : Professional working proficiency

Spanish : Limited working proficiency
